

Mango Solution (Canada) Inc.

www.mangoSolution.ca

Project: m351a_port / 2_Master Page, Security & Sign up / Space: 352203

Budget: 900.00 U.S Dollar / Status: 3) Has Candidates / Delivery: 20 days

Project Manager: David Young (Skype: DavidYoungOffice)

Assistant Manager: Tommy Jones (Skype: TommyJ)

A) XXX Task General Objective (See Section C for Details) XXXXXXXXXXXXXXXXXXXX

Item 0) Bug Fix & Improvement.

Item 1) Make A Tab Control

Item 2) Projects CRUD

Item 7) Populate the system with these Word Docs

B) XXX Note XX

Task Purpose:

- This is the first Task out of 15 tasks to complete the project management system for Mango Solution Canada and its subsidiaries.
- This task focusses on the initial setup of projects, tasks, items and subitems management

Project's SVN Link: <https://rw5vot.axshare.com>

Project's Live Mockup: [352 Mango](#)

Source Code and dbase:

Dbase to use:

1) To Inspect and Study Your Start Up Code:

- Use 110301 with db: o101a_05c & o101c_03h , run it , and study the application

2) Study the attached 2 of our standard project and task documents, we use this simple documentation for all our projects. All tables fields are created based on the information from these documents (see red markers in these documents)

- _sample_00 m351_Mango Project Info_with Markers.docx
- _sample_Task a04_ MVC Conversion, Localization_with Marker.docx

2) To Start your task, & for versioning control purpose, please rename :

1. a) Folder : 110301 > 352203
2. b) db: o101a_05c > m352ab_03
3. c) db: o101c_03h > m352b_03
4. d) add all tables in m351bDev11_sProjAddition > m352b_03

3) Refactor the code 352203 to take care of the above changes

Current Web site : www.mangosolution.ca

C) XXX Task Details XX

Item 0) Bug Fix & Improvement.

Purpose:

0a) Change content of table : Role
